OBJECTIVE OF THE REPORT

The objective of the Selection Committee to review and place members to committees are typically for:

- a) Ensuring balanced representation to ensure that all political parties/ coalitions within the County Assembly are fairly represented across various committees.
- b) Compliance with legal and procedural requirements by ensuring that the composition of the committees complies with all legal, procedural and constitutional requirements

METHODOLOGY

The Selection Committee used multi step method to ensure effective and fair placement of members to committees through coalitional consultations.

SCRUTINY OF COMMITTEES' MEMBERSHIP

The Committee on Selection pursuant to its mandate scrutinized the Committees' membership to address concerns as raised by the respective coalitions. This was done through a mapping and matching process where preferences, diversity and representation were considered that led to a consensus building.

The Selection Committee did not consider placement of Members to Budget and Appropriations Committee and Public Accounts and Investments Committee since the matter is still active in court and thus sub-judice pursuant to Standing Order 101.

The Committee analyzed and reviewed 16 committees, taking into consideration the provision of the Standing Orders and placed members to the various committees and Pursuant to Standing Order 177 (3) urge this House to approve the placement and nomination of the Members to the following Committees of the County Assembly;

ADOPTION SCHEDULE

We Honourable Members of the Committee on Selection do hereby affix our signatures on this report to affirm our approval and confirmation. Having reached there, allow me ...

Mr. Speaker: You had delegated somebody to read the report but unfortunately he was not present. Therefore allow me give him this privilege to second. Hon. Mukhongo, from what I have heard, you were supposed to have moved the report and I do not know whether you chickened out or what happened.

Therefore, you have the honour to second the report. You will explain whether it was chickening out or disappearing. Proceed!

Hon. James Mukhongo: Thank you Hon. Speaker for the opportunity. I wish to second the report that has been presented by our able Leader of Majority. That is a report from the selection committee.

This is just an exercise we have undertaken as a committee and it's the liberty of this House to make a decision. When you look at the composition of the membership of committees and the main title of the report, it is realignment and we will still have to do more re-alignments of committees. Because as you can see, there are some two committees that were left out. Again, we have other committees that have not been presented because Selection Committee has no such powers according to our Standing Orders...

Hon. Speaker, if you go through that report very well, the least Members are having three Committees. I have listened to it and I was part of the preparation of the report. We are still going to do some realignment in future because we have two committees in this House which their membership have not been presented.

When we will do composition of those committees, you will see again movements. Any Member who might not be comfortable, should hold on because goodies are on the way coming. That is what I can assure particularly the Members from our side; the majority coalition and even the minority side because that is what we agreed honourable Members.

To our sisters who were aggrieved, you can now see that we have tried to balance anyway and we deserve credit honourable Members. Hon. Speaker, I wish to stop there and urge the House to approve the names that have been presented by our able Leader of Majority. I second the motion. Thank you Mr. Speaker.

Mr. Speaker: Thank you Hon. James Mukhongo Barasa. Honourable Members, I will now proceed and propose the question;
